

Mixed Gas Blender & O2 Service Technician

If you want to prepare EANx breathing gas mixtures for use by divers, this course is for you..

In this course, you'll gain the skills and knowledge needed to safely handle high pressure gases and prepare Nitrox breathing gas mixtures for use by divers. You'll analyze the resulting breathing gas mixtures from your own breathing gas blending practice and master the breathing gas blending system used in training.

Also useful if you plan to work in a dive center and need additional training, or wish to expand your knowledge of diving gas mixtures
