

Wreck Diver (Penetration)

This course will give you the skills and knowledge you need to safely dive inside a sunken vessel, aircraft or similar structure.

You'll learn about safety, hazards and special risks of overhead environments; gas management, entanglement, limited visibility, deep diving, equipment, sources of information, search methods, underwater navigation, legal aspects, artifacts, treasure, salvage, archaeology and appropriate material from other specialty courses as well.

If you have NAUI Advanced Scuba Diver and NAUI Wreck Diver (External Survey) certifications or the equivalent thereof and are at least 18, get ready to explore!
